LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

Hon. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. StJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am't Insured, nearly	$43,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of *risks*, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business, is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid on cash, and upon surrender of said Policy the sum insured thereby will be paid in full, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... *President.*
ABRAM D. POLHEMUS, ... *Vice President.*
WILLIAM M. COLE, ... *Secretary.*
D. F. PACKLER, ... *Consulting Actuary.*
DANIEL AYRES, M. D., LL. D., *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guarantees a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued, should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the Contribution Plan—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. F. Packler, now Actuary of this Company and has been adopted by nine of the best managed Life Companies in the country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptness in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

Lord Elden said, "it was better to be a dray horse, than Lord Chancellor."

When Charles the Second delivered the great seal to North, he said, "take it, you will find it heavy." The Lord Keeper, at his first', declared he had not enjoyed one easy and contented moment since he held the great seal.

The wicked monster, Jeffreys, being promoted from the King's bench, to the place of Lord Chancellor, was told by a friend he would find his business heavy, replied, "so, I will make it light," and so the unscrupulous wretch did.

When Gov. Holden, by order, or rather by the vote of 80,000 negroes, commissioned our Judges, what he said, and what they said, has never reached us; but very certain it is, that most of them are, Jeffreys like, making their duties light.

Judge Josey, and three of his Judicial brethren, can drown their judicial sorrows in a bottle of rum, or a bowl of apple toddy. Judge Tourgee, lightened his judicial labors, at Rockingham Court by adjourning Court for a political discussion with the "Hon." Windy Billy Henderson, who was the Judge's competitor for a seat in Congress. When the Court adjourns, the jurors, suitors and witnesses are all entertained by speeches from the Judge and the Governor's bosom friend, "Hon." Windy Billy. Windy, by the by, is one of the Governor's "beloved" directors on the North Carolina Railroad, while the "beloved" Ladlin, of New York, is State proxy for the Road.—But to the entertainment and lightening of judicial labors:

The Judge, riding his circuit and canvassing for Congress at the same time, to show that his competitor, "Hon." Windy Billy, was not a proper person to go to Congress, said, in his speech: "They say, fellow citizens, that he stole Ben Kittrell's law books. They say, fellow citizens, that he is indicted for stealing a mule! Are you willing to vote for such a man?" "Hon." Billy, in reply, said: "Not that he knew it to be so, but 'they' say, the Judge is a jailbird from the Penitentiary of Ohio. 'They' say, he was so and at Guilford Court by a negro, and forfeited his bail. Are you willing to vote for such a man?"

Riding from Rockingham to Caswell, the Judge lightened his judicial labors by dismissing the Jury because there were no negroes on it.

Riding from Caswell to Person Court, his judicial labors are wholly forgotten, by a fight on the train, in the ladies car, and in the ladies' presence, with the "Hon." Billy. The conductor threatened to put the Judge and "Hon." Windy off the train, if they did not behave. "Hon." Windy plead that he was one of the Directors of the Road, and was not put off, of course not, for that would have been a direct insult to the Governor, in whom Ladlin "has confidence."—Now the Judge should not bear all the blame of this fight. If he had not been a candidate, there had been no fight; he would not have been a candidate, for he was defeated by "Hon." Windy, among the negroes in the League, for the nomination. Then, Judge Dick and others acceded, or bolted, and nominated Judge Tourgee.—His claims, too, were supported by Judge Settle and Judge Cloud. So, it will be seen, that Tourgee was not a volunteer in this business which brought so much disgrace upon the Judiciary, but he was put forward by three other Judges.

It is only 24 miles from Person to Orange Court; yet the Judge did not get to Orange until the second Monday in November, when should have been there on the first Monday. He adjourned Court on Thursday, and left for Raleigh, where the Legislature was in session, and before he had tried one in twenty of the cases on the docket. At this Court, he left the Grand Jury in session, and directed the Clerk of the Court to dismiss them on Friday. On Friday, the Grand Jury, with great propriety, among many other things, presented the Judge for his fight, and for his participation in politics. They also presented the correspondence of Gov. Holden and Gen. Miles, and many other offences and offenders, which can be seen by reference to the *Sentinel*, of December 1st.

It is only thirty miles from Orange to Chatham, yet, the Judge in his ridings, did not reach Chatham until Wednesday, instead of Monday. How his "Honor" lightened his labors on the balance of his circuit, we are not informed, for we left him at Chatham.

In a constant attendance on our Courts for more than twenty years, we never knew a Judge (until the advent of carpet-baggers) to fail to reach Court on Monday.

Governor Holden does what he can to lighten Judicial labors. He never makes a half a hand at any wicked or corrupt business. Judge Watts, is holding Court at Franklin, when Governor Holden orders him to adjourn Court, (which he did on Tuesday) and go to Halifax to try a State's warrant, in which it was alleged that one of his vile Magistrates had been assaulted. The man was named John H. Everett. Holden, had years ago, published him as a cowardly assassin. He was, during the war, condemned to be shot for plundering and robbing. He not only ordered the Judge to adjourn Court, but he ordered the Attorney General, as well as a company of soldiers, to accompany the Judge to Halifax to this warrant trying.

When the Judge, Attorney General, and troops, reached Weldon, the witness, Everett, fled from the investigation, and from the State, and has never been heard from: yet, it all answered the purpose for which it was designed. The elections were on hand, the *Standard* could say loyal men were in danger; Governor Holden "had called out troops to protect them"—"traitors must be punished," &c.

The Judge, who has no more sense of the dignity, which attaches to the Judicial station, than to adjourn Court by order of Holden, to try a State's warrant, in which one man only was said to be assaulted, is unfit for his place, and should be reduced to the rank of a 'Squire.

At the last Term of Wake Court, when the Grand Jury had on Thursday presented Littlefield, Pruyn, and others, for corruption, combination, and conspiracy against the State, and had also presented M. S. Littlefield, Editor of the *Standard*, for lobbying and using money and liquor to influence the members of the General Assembly, Judge Watts hastens his judicial labors by adjourning Court, on Thursday evening, before a bill could be drawn, and, in twenty minutes after the Grand Jury had made their presentments, and thus it is the labors of the Judges are made light.

THE INAUGURATION.

On this day an important event transpires. Gen. Grant will have been installed as President of the United States before this paper reaches our subscribers. It is impossible to forecast the future, and it is idle to speculate as to the line of policy which our new President will parade.—Even the news-mongers about Washington City have been continually in the dark and have been no wiser as to Gen. Grant's plans than the most remote citizen, or the most illiterate penny-a-liner. That it is an event, however, that is pregnant with importance to our country, no one will deny. We, in common with our fellow-citizens, will look forward with much interest to the first foreshadowings of the President's probable course of action. The formation of the Cabinet will doubtless throw light upon the matter, and we may be able to anticipate something of his policy from the political antecedents of those who may be selected to constitute his advisory council.

We hope for better times. We think that all may expect such changes to be made, as will justify the South in concluding, that the President means what he said, when he exclaimed, "Let us have peace." But, be this as it may, the South must to benefited in the restoration of the Executive power to its proper status as recognized in the Constitution. We cannot doubt that a man as firm as Gen. Grant is reputed, will not rest contented, until he has full power given him to discharge the Executive duties as contemplated by the Constitution of his country. If this is done, the country will experience relief from the promised retrenchment, and from the speedy dismissal of faithless and incompetent public servants.

"BELOVED LAPLIN."

This "beloved" from New York, who represents the negroes of Pitt county, was last week in Washington City. This week he is there again. We suggest that the Pitt negroes send him to Congress, that he may not be so often from his post of duty. But the Governor has "confidence" in him, and so has the negroes, his immediate constituents, who can't read. So they will never know of his wanderings.—The white tax payers of Pitt will be glad to hear of his continued absence—even until Billy Smith shall cease to blow his horn and Gabriel begins.

A GREAT SUCCESS.—"Brick" Pomeroy's new Daily, in New York City, is one of the greatest and most successful newspaper enterprises of the country. His new weekly "*Pomeroy's Democrat*" is increasing in circulation a thousand copies per day. Send for sample copies to M. M. Pomeroy, Printing House Square, New York City.

GRANT PREPARES THE RADICALS AGAIN.—Another Pennsylvania delegation has talked with General Grant, who plainly suggested that most of the members had already signed a request for another man. Some had signed for several. If all these memorials should become known, some of these who had put their names to them might feel themselves put in a ridiculous position.

Grant said: "I think a President should be allowed to choose his Cabinet without interference from any one. They are his confidential advisers, and he must best know whom he wishes to call to him in that capacity. In other positions under the Government he is likely to welcome suggestions, for there are a great many of them, and he cannot be expected in every case to know who are the best qualified men; but in selecting his Cabinet he may properly act without suggestions from any source. One thing he would say: Those whom he selected would all be men who were loyal to the Union during the war, and who gave a strong and faithful support to the platform ticket on which he was elected."

The United States Sub Treasury at New Orleans has paid a forged check for $18,000, purporting to have been signed by General Beckwith, commissary in that department. The supposed forger is a young man named Ryland, a former clerk employed by Beckwith. Ryland disappeared in December last, and has not since been heard of.

TRULY A FAMILY MATTER.—The Fincastle *Herald* records the following:

We undoubtedly that a warrant for the arrest of a woman issued in Craig last week, at the instance of her own son, for stealing corn, and that the husband of the woman paid a lawyer for writing it.

AIR LINE.—It is reported that the Engineer will soon commence the survey of the Air Line Railroad from Wilmington, N. C., via Newbern, Washington and Plymouth to Norfolk, Va. When completed, and in connection with the Annamessic Line, it will make the time between Wilmington and New York some ten hours quicker.

Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

EIGHT SESSION.

WEDNESDAY, March 3, 1869.

House called to order at half past seven o'clock.

On motion of Mr. Williams, of Harnett, a call of the House was had, and 46 members answered to their names.

The Doorkeeper was instructed to close the doors, and have the members, absent without leave, arrested.

Mr. Williams, of Harnett, moved to dispense with further proceedings under the call.

Upon that motion, the yeas and nays being called, on motion of Mr. Ingram, resulted in a vote of yeas 19, nays 35.

Mr. Dixon moved to adjourn.

Mr. Pou said he hoped the motion would prevail, *as Wyman would exhibit for several nights in the City.*

The motion to adjourn was put and lost.

The Doorkeeper then appeared before the bar of the House, bringing with him Messrs. Robinson, McCanless, Argo, Moore, of Alamance, Foster, Sykes, colored, Shaver, Sinclair, Carey, colored, and Hawkins.

After some debate, during which great confusion prevailed, the prisoners were, on motion, discharged from custody.

Mr. Ames moved to adjourn.

The yeas and nays being called, the House refused to adjourn, by a vote of yeas 19, nays 45.

Mr. Clayton appeared in the House, and was arraigned before the bar.

On motion he was relieved from arrest.

Mr. Bowman moved to dispense with further proceedings under the call. Lost.

The Doorkeeper was directed to proceed to the gallery, and bring Mr. Stevens who was sitting there, before the bar of the House.

The Doorkeeper shortly reappeared on the floor, and reported that the gentleman had a leave of absence. By a reference to the Journal it was so proven.

Mr. Pou then moved to dispense with further proceedings under the call.

Mr. Nicholson appeared upon the floor and was brought before the bar.

On motion Mr. N. was discharged as the Journal showed he had a leave of absence.

Mr. Mendenhall was also brought before the bar of the House, and on motion discharged from custody.

Mr. Pou's motion was then put, and lost.

Mr. Ingram said he hoped that gentlemen who were now occupying seats once filled by a Gaston, Stanly and others, that they would recollect that they were Representatives in the Legislature of North Carolina, and if they would or could not deport themselves with dignity, he hoped they would at least behave themselves with decency.

The Chair said unless better order was preserved, he would appoint members to assist the Doorkeepers in maintaining it.

W. T. Hayes, colored, and G. W. Price, colored, came in and were brought before the desk of the Speaker.

Mr. Sinclair took the floor, and said he was heartily ashamed of such a proceeding, and so was every one else who had the least respect for the dignity of the State.—Mr. S. continued, when

The Chair interrupted him, saying that two members were before the bar of the House.

Mr. Sinclair: In order to put a stop to this disgraceful and farcical scene, I move we do now adjourn.

Mr. Sinclair withdrew the motion at the request of

Mr. Bowman, who moved to discharge the members in custody. Carried.

Mr. Sinclair resumed the floor, and proceeded to express his indignation at the proceedings, when innumerable points of order were raised and another scene of confusion ensued. Mr. S. concluded his remarks by moving to adjourn.

On that motion, the yeas and nays were had on motion of Mr. Ingram.

The Clerk proceeded to call the roll, when the confusion and noise became so great, that the Speaker *pro tem* (Mr. French) appointed the following gentlemen to assist the Doorkeepers to keep order: Messrs. Kinney, Nicholson, Hodgin, Ashworth, Rinnant and Shaver.

The Clerk then finished calling the roll and the House refused to adjourn by a vote of yeas 14, nays 48.

Messrs. Morning, Gatling, Ellington and Hilliard were brought, by the Doorkeeper, to the bar of the House.

On motion, they were discharged from custody.

Mr. Bowman moved to dispense with further proceedings under the call.

Mr. Argo said, if the Doorkeeper would go to Tucker Hall, he would find a good many members attending the exhibition.—Several who had been brought from there and just released from arrest, had now gone back.

The Doorkeeper reported he had arrested several members at the exhibition, and had seen them enter the door of this House, but, now, they were nowhere to be found. It was no fault of his.

The Speaker said the Doorkeeper should make his report, in writing, to the Clerk, and the members alluded to were liable to be punished for contempt of the House.

Mr. Argo said if the House intended to transact business, the Doorkeeper should lock the door to prevent members already here from leaving.

On motion of Mr. Bowman, further proceedings, under the call, was dispensed with.

Mr. Argo moved that no member be allowed to leave the House until adjournment, without obtaining leave of the House.

Mr. Bowman moved to amend by saying, "by leave of the Speaker." Carried.

Mr. Malone said that there were a portion of the members who were desirous, as in duty bound, to pay attention to the business that their constituents sent them here to transact, but there was another portion who did nothing but lounge around bar-rooms, went to calico balls and escorted the girls around generally, &c. This Legislature was being characterized all over the State as the most disgraceful body ever assembled within the Halls of this Capitol, and he insisted that the odium attaching itself to this body resulted from the neglect and carelessness of the gentlemen above alluded to. He wished the people to know and hear of these disgraceful proceedings.

Mr. Argo's motion, as amended, was put to a vote and lost, as no quorum voted.

Mr. Ingram said that as a compromise between those who wished for night sessions and those who did not, he would move to except Thursday, Friday and Saturday evenings. It could be easily seen who was bringing all this odium upon this body, &c.

The motion to except the aforesaid evenings was put to a vote and carried.

B. W. Morris, colored, said they had been acting like school boys, and had better not come here at all. He moved to adjourn.

On motion of Mr. Malone, the yeas and nays were called, and the House refused to adjourn by a vote of yeas 10, nays 57.

On motion of Mr. Bowman, the rules were suspended, and the bill to amend Chapter 2, Title 19, Code of Civil Procedure, was taken up and passed its several readings.

On motion of Mr. Barnett the rules were suspended, and the bill to amend the act incorporating the Green Swamp Company, was taken up and passed its several readings.

On motion of Mr. Seymour, the rules were suspended and the Code Commission bill in relation to special proceedings in cases of widows dower, &c., was taken up and discussed until adjournment.

On motion the House then adjourned.

SENATE.

TUESDAY, March 4, 1869.

Leave of absence was granted the Senator from Iredell, on account of sickness; also leave of absence to Senator from Wilson, for a few days.

Message received from the House, inclosing resolution proposing to raise four Committee to ascertain what business is before the Legislature, with reference to adjournment, concurred in.

House bill, No. 453, authorizing the several counties of the State to subscribe stock to Railroads, was received from that House.

Mr. Brogden, from the Committee on Finance, reported favorably on the bill to charter Bank at Greensboro'.

Mr. Blythe gave notice of a bill to make appropriations for the Greenville and French Broad Railroad.

Senator from Edgecombe gave notice of a bill in relation to the town of Rocky Mount.

SPECIAL ORDER.

An Act to authorize the Public Treasurer to supply a temporary deficiency in the Treasury, to pay the interest for January and April 1, 1869.

Mr. A. J. Jones moved to amend by striking out after the word "interest," and insert "which has and will accrue, from time to time, during 1869."

Senator from Robeson moved to refer to the Committee on Finance. Agreed to, after some debate.

Mr. Jones, of Wake, by leave, introduced a bill for the relief of the Fireman's and Merchant's Insurance Company. Referred to the Committee on Claims.

An act, providing for a board of Public Charities, was taken up, on its 3rd reading, and was read, by sections.

Mr. Love moved to amend the 22nd section, so as to require the board to hold annual, instead of quarterly meetings. Not agreed to.

Mr. Love then moved to amend same section, so as to provide only for the payment of the traveling expenses of the board, from their homes to Raleigh.

Senator from Caswell moved to amend the amendment by paying the expenses of the board, while in Raleigh. Both the amendments were rejected.

The 5th section of the bill was slightly amended, on Mr. Sweet's motion, and passed.

The bill having passed, the Senator from Guilford moved to reconsider the vote, by which the bill had just passed, to allow Senators to amend section 1st which was agreed to.

Mr. Sweet moved to amend the 1st section, providing for the election of successors, to fill vacancies in the Board, by the General Assembly, which was adopted.

On the final adoption of the bill, Mr. Love entered his solemn protest, and gave it as his opinion, that it will prove another Penitentiary swindle on a small scale.

The question then recuring on its final passage, it was adopted by yeas 19, nays 12.

Special order now being in order, Mr. Shoffner moved to postpone, to take up a bill introduced by himself. This motion caused a debate, on points of order, precedents, parliamentary usages, &c., consuming some time. The question then recurring on the motion of Mr. Shoffner, he called for the yeas and nays, which resulted yeas 19, nays 9. Twenty six votes being necessary to suspend the rules, the motion was lost. The following is the vote:

YEAS.—Messrs. Beall, Beeman, Brogden, Blythe, Eaves, Graham, Harrington, Hyman, colored, Jones, of Wake, Long, Love, Melchor, Robbins, Scott, Shoffner, Smith, Sweet, Welker, and Winstead.

NAYS.—Messrs. Barrow, Beasley, Bellamy, Colgrove, Davis, Epps, colored, Lindsay, Moore, of Carteret, and Stephens.

The special order was then taken up, being the school bill.

Mr. Blythe moved to postpone the further consideration of the school bill, in order to take up the calendar.

Messrs. Graham, Robbins, and the Senator from Duplin, favored the postponement—there was business on the Calendar of infinitely more importance. The clamor of the people, from the mountains to the seashore, came up to this Legislature for relief.

Mr. Lindsay opposed the postponement, as did, also, Mr. Sweet, Eppes, colored, and the Senators from Person and Montgomery.

Hyman, colored, called the previous question, which was not sustained.

[Mr. Graham wished to know if the previous question applied to the School bill? The interrogatory created *some* sensation.]

The Senator from Duplin, reiterated, that the cry for relief, was real and sincere.

Mr. Lindsay wished to know, how many letters the Senator from Duplin had received?

Mr. Scott, in a spirited and animated manner, replied to Mr. Lindsay, that letters from prominent men, representing large communities, were being received by him.

Mr. A. J. Jones, moved to lay the motion to postpone on the table. Lost, for the want of a quorum voting.

Mr. W. D. Jones occupied the floor, advocating the speedy relief of the people.

At this juncture of the proceedings, the debate became warm.

Mr. Shoffner spoke at length, showing the distress suddenly sprung upon the country by the repeal of the Stay law by the Supreme Court.

The question then recurring on the motion to postpone the further consideration of the School bill until Monday,

Mr. Graham called for the yeas and nays, which resulted, yeas 13, nays 17.

The School Bill was then taken up.

The question being on the motion, to strike out "some person" and insert "three persons," in Section 68 of the bill, "as a board of Examination."

Mr. Sweet moved a division of the question, and the question being on the motion to "strike out," it failed, for the want of a quorum. The Section as amended, passed.

The 69th, Section passed without amendment.

The 70th, Section being read, Mr. Shoffner offered a substitute, for the 71st, Section provided the 70th, Section being stricken out.

Mr. Shoffner's substitute provides how the county examiner shall be paid.

The Senator from Rowan Mr. Robbins, moved to strike out $5 per day, and insert $2.

The question being on a division of the proposition, the vote was taken on the question to "strike out," and resulted yeas 18, nays 13.

The question now recurring on the motion to insert $2, instead $5 did not prevail.

Mr. Barrow then moved to fix the salary of the county examiner at $200 per annum.

Mr. Davis moved to amend by substituting $100 for $200.

The Senator from Guilford, said if the Senate would allow him, he would move to amend, by requiring examiners to sponge on the people, &c.

Mr. Davis said, he hoped when the examiner went to Guilford, he would sponge on the Senator from Guilford, and that when in Montgomery, (Mr. Davis' vicinity,) he would sponge on him. Mr. Davis.

Mr. Davis' motion to insert $100 in lieu of $200, was adopted.

The amendment as amended, was then rejected.

Mr. Beall moved to amend by inserting $1,50.

The Senator from Jones moved to amend that motion, by inserting $2.50. Adopted.

Mr. Shoffner's motion to strike out the whole Section, was rejected.

Leave of absence was granted Mr. A. J. Jones, of Columbus.

The consideration of the bill was resumed and pending its consideration, Mr. Lindsay moved an adjournment, which was adopted.

Owing to the late hour at which the proceedings were received, the publication of the remainder, is necessarily postponed until to-morrow.

MISCELLANEOUS.

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,804 11
Income from Interest,	1,584,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1 231,285 00
Dividends paid,	938,264 00
Total Losses paid to date,	8,099,883 00
Total Dividends paid to date,	2,197,3.8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its INCREASE INCOME affords greater inducements to those insuring than any other Company in the country. In addition to the PAID-UP system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and is to show all Re-policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets accurately invested, for every $100 of its Liabilities.

PAPERS IN RALEIGH.

Our city for many years has been noted for the number of papers published in it.—At present there are no less than *eight*, to-wit: The *Daily Sentinel, Daily Standard, Biblical Recorder, Episcopal Methodist, Friends of Temperance, The Giraffe, Deaf Mute Casket, and Family Monitor.* By these publications a large number of persons find employment.

SUNDAY SCHOOL PAPER.—The *Episcopal Methodist* announces that a Sunday School paper in the interest of the M. E Church, South, will be soon published in this city. We are pleased to learn that it will be under the editorial control of our friend, Theo H. Hill, Esq., *the* poet of our State.

Fernelius calls disease an affection of the body, contrary to nature; a purtubation of its habit: a derangement of its courses.—What disease is, sometimes eludes human intelligence, but some diseases are known—their origin, action and even their antidotes. Whoever has discovered an actual remedy for one disease, has done something for his race. Doctor Ayer has done more, for his medicines afford us the means to control and cure several dangerous disorders. We rarely speak on medical subjects, preferring to leave them to physicians, who understand them better. But such effects as are seen in our midst, on affections of the lungs by Ayer's Cherry Pectoral, on scrofulous complaints by his Sarsaparilla, and on the several complaints that they cure by Ayer's Pills, should not be ignored.—*Keokuk (Ia.) Journal.*

AN ESCAPED CONVICT FROM THE WAKE COUNTY WORKHOUSE CAUGHT.—About 10 o'clock on Monday night last the police arrested a suspicious character, who first gave his name as John ——, but who was afterwards discovered to be Willis Hartsfield, (colored,) an escaped convict from the Workhouse of Wake county. His suspicious demeanor on the wharf first attracted the attention of the police, and, in fact, he was suspected of being one of the thieves who have recently been stealing so many overcoats in this city. When he saw that he was observed by the police, he endeavored to elude an arrest and hid himself in a pile of hay on the wharf. There he was searched out and discovered; seeing this he jumped up and ran. The police gave chase and pursued through several streets, making a great noise and creating much disturbance by cries to stop him. He was finally caught and taken to the guard house, and endeavored to conceal his real name. This was discovered by Wm. H. Moore, a colored detective, who happened to know something about him and his name, which he soon confessed. Moore is trying to discover some of the overcoats which this fellow, for good reasons, is supposed to have stolen, and suspects a certain den, which will be searched. In the meantime the suspected party is held in custody.—*Wil. Journal.*

MARRIAGES DURING THE MONTH OF FEBRUARY.—The number of marriages in this county, as we find on the official register, for the month of February, were thirty. Of this number seven only were white. This report shows three marriages in excess of the number for January.—*Journal of Commerce.*

INTERMENTS IN CEDAR GROVE CEMETERY. From the official record in the City Clerk's office, we find that the number of interments in Cedar Grove Cemetery for the month of January was seven. Of these one died of collapse following congestion of the liver and stomach, two of consumption, two of pneumonia, one of marasmus, and one typhoid pneumonia.

This shows an increase over the previous month, of two interments.—*Journal of Commerce.*

POSTAL.—On railroad line, Richmond, Va., to Greensboro, N. C., George W. Forsyth is appointed route agent at $960 per annum *vice* Archer. At Gainsboro, Frederick county, Va., John H. Funkhouser is appointed postmaster *vice* William Stitt, resigned. At Jenkins Bridge, Accomac county, Va., Thomas H. Brodwater is appointed postmaster *vice* J. O Selby, resigned. At Covington, Tioga county, Pa., Julius Deane is appointed postmaster *vice* H. R. Bryan, resigned.

WHAT THE CUBANS SAY.—Refugees in this city report that at least fifty thousand Cubans are among the insurgents, notwithstanding the many who have left the island for the United States. Many of these bring what property they can, and leave the rest for confiscation. Every means of conveyance to the States are used, and some of them have to resort to subterfuges to get off. The most excited are resolved either to be free or Spain, or to destroy the island, and most of them would like annexation to the United States.—*New York Express.*

RELATIVE TAXATION NORTH AND SOUTH.

In our last, upon facts and principles fully set forth, we arrived at the conclusion that the total present burdens upon the North and West, consisting of taxes actually paid, leaves the inevitable result of present arrangements, and the enhancement of prices on articles of prime necessity, was, in round numbers, 272 000.000, a *per capita* annual charge of 10 4-100 dollars, while that upon the South was 38 millions, a *per capita* charge of 3 49 100 dollars. Since then, we have seen a reliable statement that the whole internal revenue was upwards of 191 millions, instead of 160 millions, which we then assumed. We regret our mistake, which was caused by the anomalous relations, between a certain class of the Southern constituency, and their present so-called representatives, which render congressional documents, unknown to the farmer, unless printed in the local newspapers.

This mistake renders an alteration in our former figures necessary, and upon the principles adopted at arriving at them, we believe the following to be correct:

Total burden on the North and West upwards of 307 millions as a *per capita* charge of 11 80-100 dollars, while in the South it is rated over 30 millions, a *per capita* charge of 3 9-100.

We can safely say to our Southern fellow-citizens that considered merely as a present financial arrangement, they have no cause of complaint. But we feel sure that to the North and West it will result in distress, if not actual ruin. The mode in which the plague may develop itself it is not our intention to indicate. Unfortunately for the *whole* country, the lines of demarcation between the different sections have been so deepened, as now to form a gulf, over which that plague cannot pass, unless in a mitigated form, which we forbear to mention.

This amount of taxation will, in the North, dry up the sources of profit, will check, if not stop, immigration; will generate grades of society, which are utterly inconsistent with universal suffrage, the present ideal of the Country, and will bring the Federal Government to face dangers it was not formed to encounter.

It is not our purpose to inquire into the causes which have produced this difference in taxation. We seek no concealment, and suppose any intelligent reader can readily discern our opinion. All we ask the reader to bear in mind is, that practically it sprung into existence contemporaneously with emancipation, and negro enfranchisement, whereby some 4 000,000, (nearly one ninth of the whole population,) were absolved from *some* obligation to produce values, were actually made voters, *and attempted to be made tax payers*, but in fact contributors of a mere medicum of the common burdens. We ask our friends of the South to bear in mind that our fellow citizens of the North and West are, in common with ourselves, of Saxon blood, as anxious as we are to preserve the right of self government, to ascertain any causes injurious to the general prosperity, and as acute to discover, and as prompt to apply the remedy. That, in a few years, those brethren will come to the conclusion that negro suffrage is "the leaven which has leavened the whole lump," that the negro as to suffrage is only the precursor of the Chinaman and the Hindoo; that, of necessity, the extension will lower the standard of legislative intelligence and integrity. They will find out that they are paying 200,000,000 millions a year, to make the negro an idle voter, less productive, more immoral, and more unhappy, and they will follow the example of their Anglo-Saxon neighbors, who, after some forty years of bearing and forbearing in Jamaica, found the only remedy was to deprive him of political privileges.

To show the *animus* of the negro, as a tax-payer, we state the following facts, and request examination into them, viz: Before 1860 the Southern States provided by law that every person having any laborer employed, should list his poll and pay that tax, with the right to retain it against his wages; and that no one should be permitted to vote upon a challenge for non-payment of his poll tax. The advent of the negro to the franchise caused the immediate repeal of those remedial provisions—the poll tax is now not worth the cost of its collection. For ourselves, we never doubted but that slavery was, to the whites, the most expensive form of wages. Of course, what the white lost, the negro gained.—Emancipation, kindly and wisely enacted, might have counter-balanced the negro's loss. Accompanied with enfranchisement, it imposes a heavy one upon the whole country, bearing, in the providence of God, less heavily upon the whites of the South than upon any other class.

GOLD CONTRACTS VALID.—In pronouncing the opinion of the Supreme Court of the United States in the gold-contract case from Baltimore, Chief Justice CHASE, on Monday, said:

"It was not necessary, in the case of Bronson *vs.* Rodes, nor is it necessary now, to decide the question whether the acts making United States notes legal tender are warranted by the Constitution. We express no opinion on that point, but assume, for the present, the constitutionality of those acts. Proceeding upon this assumption, we find two descriptions of lawful money [greenbacks and specie] in use under acts of Congress, in either of which damages for non performance of contracts, whether made before or since the passage of the currency acts, may be properly assessed. In the absence of any different understanding, or agreement between parties, but the obvious intent in contracts for payment in coin to guard against fluctuations in the medium of payment warrants the inference that it was the understanding of the parties that such contract should be satisfied, whether before or after the judgment, only by tender of coin."

The importance of this decision lies in the fact that the Supreme Court enforces gold contracts. Whoever promises to pay gold will be made to pay gold, notwithstanding that an act of Congress makes greenbacks a legal tender.

The Judiciary Committee of the Tennessee Senate has reported against the proposition to sell the Hermitage, formerly the residence of Gen. Jackson, but now the property of the State. The committee recommends that Tennessee should keep the estate for all time to come, and make it, on some favorable occasion, the site of some noble institution of education or of benevolence. Ashland, Ky., formerly the home of Henry Clay, is now the site of a university which is attended by over 600 students from all parts of the Union.

Beecher surprised his congregation on Sunday by appearing in church. He did not preach, but offered up the opening prayer, after which he made a few remarks, saying no one knows what it is to suffer until he reads what the papers say about him. The press had pronounced him dangerously ill, which was untrue. He thought it strange that he should be denied the right to have a cold three days unmolested. He saw no occasion for the newspaper fraternity to hunt a man down because he happened to have a cold.

AN AGRICULTURAL ASSOCIATION AT SCOTLAND NECK.

We are pleased to learn, as we do from the subjoined communication, that the farmers of Scotland Neck have formed an Agricultural Association for the advancement of their interests. This is a step in the right direction, and we would be pleased to see it followed in every portion of this section, as in no other way can the interests of the farming communities generally receive a greater advantage than by this working in unison and harmony. In the selection of its President, this Society has taken a gentleman of ripe knowledge, one thoroughly acquainted with what will be required of him, and we have't a doubt but that in the address he is to deliver to morrow he will tend to promote the welfare of the people of that section.

We are always glad to publish such information as this letter contains, and will with pleasure publish the Constitution of the Society if the Secretary will furnish us with it:

HALIFAX CO., N. C., Feb. 27, '69.

Messrs. Editors:—As you take an interest in such matters, it may gratify you to know that an Agricultural Society was formed in Scotland Neck not long ago, with the following officers:

President—R. H. Smith, Esq.

Vice Presidents—P. M. Edmondston, Rufus Turrington.

Secretary—John M. Bishop.

Treasurer—Norfleet Smith.

Executive Committee—Messrs. P. M. Edmonston, W. H Shields, Dr. Wm. R. Wood.

The President, Mr R. H. Smith, at the request of the Society, consented to address the people of this portion of the county on the value and importance of the organization and duty incumbent upon all concerned, to attach themselves to it as members. He appointed the next regular meeting, viz: *the first Thursday in March*, as the day on which he would deliver the address. As Mr. Smith is a pleasing and effective speaker, we expect an interesting day, and we hope that you and many others from your part of the county may gratify us with a visit, and at the same time may furnish yourselves with arguments which may induce the formation of similar societies in other parts of the county. If you would like a copy of the Constitution (which is very short and simple and was framed by three of our most experienced and intelligent citizens,) I have no doubt our Secretary would gladly furnish it to you with a copy for publication.

It will be a notable coincidence that while Gen. Grant is in Washington inaugurating (according to his motto) the new era of Peace, Mr. Smith will, in Halifax be advocating the promotion of the peaceful art of agriculture, and in so far advising that the "sword be beat in to plough shares and the spears in to farming hooks."

Most truly yours,

S. N.

PLANTERS OF EASTERN NORTH CAROLINA.

Nature has given you a fruitful soil, a mild climate and blessed you with many other elements of prosperity in the noble calling you have, so wisely we think, chosen. Your land is admirably adapted to a variety of productions. Every where East of the W. & W. R. R. the grape flourishes; corn wheat, rye, oats and other cereals grow luxuriantly; potatoes sweet and Irish, and other root crops produce abundantly, while here and there, rice and cranberries and other profitable crops may be made to reward the industrious laborer.

Orchards of delicious fruits are to be found, showing the adaptability of soil and climate to their culture, while truck farming invites the energetic, presenting a most pleasing prospect for remunerative investment. The raising of stock and pork may not be so inviting, a field at present for reasons apparent to all; but even here the planter may find ample room for profit in improving the breed of his cattle and hogs. Compelled, by the thieving propensities of those by whom he is surrounded, to keep everything that furnishes meat for his family under his immediate supervision, it behooves him to have fewer cattle and swine, and those of highly improved qualities, so that he may realize from a few as much as he formerly did from many.

We ask our planters to think of what nature has done for them, and urge them on to the rebuilding of their shattered fortunes in the pleasing and profitable field of agriculture. Let their march be one of steady, constant improvement. Let each succeeding year their fields be more fruitful and their granaries more heavily laden with the fruit of their industry. That this may be done let them divide their crops, pursuing the policy of farmer "No. 2" in the article from our Georgia cotemporary to be found on our fourth page.

We have not directed attention to the cotton culture so common to the section.—That is already sufficiently stimulated; but even that culture may by vastly improved, and in future articles we shall say how.—*Journal of Commerce.*

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

Our Afternoon Dispatches.

Inaugural of General Grant.

"LET US HAVE PEACE."

WASHINGTON, March 4, P. M.

Fellow-citizens of the United States:

By your suffrages, having been clothed by the office of President of the United States, I have, in conformity with the Constitution of our country, taken the oath prescribed thereto. I have taken this oath without mental reservation, and with the determination to do to the best of my ability, all that it requires of me.

The responsibilities of the position, I feel, but accept them without fear. The office has come to me unsought, and I commence its duties unfettered. I bring to it a conscientious desire and determination to fill it to the best of my ability, to the satisfaction of the people.

On all leading questions agitating the public mind, I will always express my views to Congress, and urge them according to my judgment, and when I think it advisable, will exercise the constitutional privileges of interposing a veto to defeat measures which I oppose. But all laws will be faithfully executed, whether they meet my approval or not. I shall, on all subjects, have a policy to recommend, but none to enforce against the will of the people.

Laws are to govern all alike,—those opposed to, as well as those who favor them. I know no method to secure the repeal of bad, or obnoxious laws, so effective as their stringent execution.—The country having just emerged from a great rebellion, many questions will come before it for settlement, during the next four years, which preceding administrations have never had to deal with. In meeting these, it is desirable that they should be approached calmly, without prejudice, hate or sectional pride, remembering that the greatest good to the greatest number is the object to be obtained. This requires security of person, property, and for religious and political opinions in every part of our common country, without regard to local prejudice.

Laws to secure these ends, will receive my best efforts for their improvement. A great debt has been contracted in securing to us and our posterity, the Union. The payment of this principal and interest, as well as the return to a specie basis, as soon as it can be accomplished without material detriment to the debtor class, or to the country at large, must be provided for to protect the national honor. Every dollar of the Government's indebtedness should be paid in gold, unless otherwise expressly stipulated in the contract. Let it be understood, that no repudiator of one farthing of our public debt will be trusted in a public place, and it will go far towards strengthening a credit which ought to be the best in the world, and will ultimately enable us to replace the debt with bonds bearing less interest than we now pay. To this should be added a faithful collection of the revenue, a strict accountability to the Treasury for every dollar collected, and the greatest practicable retrenchment in expenditure, in every department of the Government.

When we compare the paying capacity of the country now, with the States still in poverty, from the effects of war, but soon to emerge, I trust, with greater prosperity than ever before, with its paying capacity twenty-five years ago and calculate what it probably will be twenty-five years hence, who can doubt the feasibility of paying every dollar then, with more ease than we now pay for useless luxuries?

Why, it looks as though Providence had bestowed upon us a strong box—the precious metals locked up in the sterile mountains of the far West, which we are now forging the key to unlock, to meet the very contingency that is now upon us. Ultimately it may be necessary to increase the facilities to reach these riches, and it may be necessary, also that the general government should give its aid to secure this access, but that should only be when a dollar of obligation to pay secures precisely the same sort of dollar to use now, and not before. Whilst the question of specie payments is in abeyance, the prudent business men is careful about contracting debts payable in the distant future. His action should follow the same rule. A prostrate commerce is to be rebuilt, and all industries encouraged. The young men of the country, those, who from their age, must be its rulers twenty-five years hence, have a peculiar interest in maintaining the national honor. A moment's reflection as to what will be our commanding influence among the nations of the earth in their day, if they are only true to themselves, should inspire them with national pride. All divisions, geographical, political, and religious can join in the common sentiment.

How the public debt is to be paid, or specie payments resumed, is not so important as that a plan should be adopted and acquiesced in. A united determination to do, is worth more than divided councils upon the method of doing. Legislation upon this subject may not be necessary now, nor even advisable, but it will be when the civil law is more fully restored in all parts of the country, and trade resumes its wonted channels.

It will be my endeavor to execute all laws in good faith; to collect all revenues assessed, and to have them properly accounted for, and economically disbursed. I will, to the best of my ability, appoint to office only those who will carry out this design. In regard to foreign policy, I would deal with nations, as equitable law requires individuals to deal with each other, and I would protect the law abiding citizen, whether of native or of foreign birth, wherever his rights are jeopardized, or the flag of our country floats. I would respect the rights of all nations, demanding equal respect for our own. If others depart from this rule in their dealings with us, we may be compelled to follow their precedent.

The proper treatment of the original occupants of this land, the Indians, is one deserving of careful study. I will favor any course towards them which tends to their civilization, christianization and ultimate citizenship.

The question of suffrage is one which is likely to agitate the public so long as a portion of the citizens of the nation are excluded from its privileges in any State. It seems to me very desirable that this question should be settled now, and I entertain the hope, and express the desire, that it may be by the ratification of the fifteenth article of Amendment to the Constitution.

In conclusion, I ask patient forbearance one towards another throughout the land, and a determined effort on the part of every citizen to do his share towards cementing a happy union, and I ask the prayers of the nation to Almighty God in behalf of this consummation.

Our Midnight Dispatches.

WASHINGTON, March 4, P. M.

The Judiciary Committee on the case of Judge Busteed, of Alabama, accused of corruption and ignorance, reported that they had considered the case fully and recommended that the testimony should not be printed, and asks to be discharged. This ends the Busteed case.

THE FORTY-FIRST CONGRESS.

HOUSE.—The following States not represented: New Hampshire, Connecticut, Louisiana, Virginia, Georgia and Texas.

The excitement over the proceedings connected with exclusion was intense.

President Johnson did not occupy the place reserved for him in the inauguration ceremonies, but remained at the White House, signing bills.

Among the spectators, on the floor of the Senate to-day, were negro Bishop Campbell, and woman rights Mrs. Dr. Mary Walker.

The President pocketed the following bills: "To reorganize the Judiciary; to reduce the Navy and Marine Corps; further security of equal rights in the District of Columbia; strengthening the public credit."

The Indian Appropriation Bill failed to reach the President.

President Johnson remained at the White House till noon.

Grant went from the Capitol to the White House.

A delegation from Alabama was the only Southern organization in the procession.

Grant's father fell down the steps of the Capitol, and was considerably injured.

On reaching the White House, Grant received the following:

BERLIN, March 4, 1869.

"My congratulations on the solemn day.

[Signed] BISMARCK.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its charter, all of which but accelerated its speed, for since then, the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

Sentinel.

PUBLISHED AT THE

CAPITAL OF THE STATE

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the **zealous and fearless advocate** of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the polley of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph, will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

THE OLD RALEIGH & GASTON RAIL ROAD THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD. UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great Through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the few thousand shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in the Road—thereby saving the people from Taxation for all time to come to that amount per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all stains, from the most acute to the best-washed. For Flannels it is invaluable, as it does not nail them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly bursting and eradicating the dirt, WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the boiler will soon be paid back in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOGGIE & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

WITH A HOUSE RAMMED AND PACKED FULL OF

NEW FALL AND WINTER GOODS,

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c. &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but sirs, LOOK OUT! **HANDS OFF!** and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.
